

Iokwe, eta in Onesimus Larry im Jowi eo ao ej Raej jen aelon in Aur im Jaluit.

My educational journey began at Rita Elementary School and continued at Kili Elementary School in the outer islands, followed by Jaluit High School, the College of the Marshall Islands, and finally the University of Hawai'i at Hilo. Growing up and studying in the outer islands came with its own set of challenges, from limited resources to fewer opportunities, but these experiences taught me resilience and determination. To all students from the outer islands: if I could make it from an outer island school, so can you. Your background does not limit your potential it can be the very foundation for your success. However, I remained committed to my education, determined to overcome these challenges and achieve my goals. Receiving the RMI Scholarship was a turning point in my life. It provided essential financial support, allowing me to focus on my studies without the stress of tuition and related expenses. The scholarship empowered me to complete my degree and equipped me with the knowledge and skills needed to succeed professionally. As a Junior Accountant at the Marshall Islands Service Corporation (MISCo Financing), my role plays a vital part in supporting the financial stability and growth of both the organization and the of the Republic of the Marshall Islands (RMI). By accurately managing loan accounts, ensuring proper documentation, and maintaining financial records, I help the corporation operate efficiently and responsibly. This, in turn, enables the provision of reliable loans to businesses and individuals, which stimulates economic activity, encourages entrepreneurship, and supports local development initiatives.

“To current students and fellow alumni, especially those living in the RMI or planning to return home, LIKIT ANIJ MOKTATA ILO MEN OTEMJEJ. Never give up on your education, embrace every challenge as an opportunity to grow, and remember that your achievements can make a meaningful difference in our country. Education is a powerful tool use it to build a better future for yourself and for the Marshall Islands”. Rijikuul in Outer Islands ro motta, Ne Imaron, ekwe Komaron!
